

# DIFFERENT TYPES OF ELEVATIONS FOR A HOUSE

One of the most important parts of designing a new house is its elevation design. The type of elevation depicts the overall style of a home and its look from the exterior.

## Contemporary Elevation

- 1 Clean geometry
- 2 Clean lines
- 3 Prominent vertical and horizontal elements

## Traditional Elevation

- 1 Symmetrical appearance
- 2 Classic detailing
- 3 Simple and straightforward exterior

## Farmhouse Elevation

- 1 Large porches
- 2 Side gable end roofs
- 3 Symmetrical designs
